Komron Asilov

komron.asilovv@gmail.com | +36705903652 | Budapest, Hunagary

Education

Eötvös Loránd University   Hungary, Budapest
BSc Computer Science, GPA: 4.38   *Sep 2022 | Present*

Westminster International University in Tashkent   Tashkent, Uzbekistan
Foundation studies   *Sep 2021 | Sep 2022*

Projects

Web Development Project HTML, CSS, JavaScript
https://asilov-komron.github.io/alblak52.github.io/index.html
Created a static website as a coursework for "Web Development" subject using front-end web technologies.

Book Cards Web Application PHP, JSON, JavaScript, HTML, CSS
https://github.com/asilov-komron/PHP-book-application
This web application allows users to store and manage book cards, providing additional information about each book. The application is built using PHP for backend logic and JSON files to serve as the database.

Django Blog app Python, Django, HTML, CSS *https://github.com/asilov-komron/Pro100-blog-django*
This is my pet project called "Pro100 Blog". Basically, it is a blog post app, that was created using python "Django" framework, where the MTV architecture was implemented.

JavaScript Board game JavaScript, HTML, CSS
https://asilov-komron.github.io/JavaScript-Assignment-ELTE2024-semestr3/index.html
Another project using JavaScript to create a board game. In this simple 2d game, the player needs to find pair of objects in order to win, also there are hints showing the direction of tools to be find.
